INDEPENDENT AUDIT REPORT

To:

The Principal, Government College of Engineering, Salem.

Report on the Audit of the Project Financial Statements (PFS)

Opinion

We have audited the accompanying financial statements of the **Government** College of Engineering, Salem, TEQIP-III Project financed by the World Bank under IDA Credit Number 5874-0 IN which comprise of the Balance Sheet as at January 31, 2022, the Statement of Income and Expenditure for the period from 01.10.2021 to 31.01.2022, Statement of Receipt and Payment for the period from 01.10.2021 to 31.01.2022 and notes to these financial statements, including summary of significant accounting policies and other explanatory information (collectively referred to as "Project Financial Statements").

In our opinion, and to the best of our information and explanation given to us, the aforesaid Project Financial Statements give a true and fair view of the financial position of the Project as on January 31, 2022 Income and Expenditure Statement and Receipt and Payment Statement of the Project for the period ended on January 31, 2022.

PHINCIPAL
Govt. College of Engg.
SALEM-636 011.

mach-el

Auditor's Responsibilities for the Audit of the Project Financial Statements

Our objectives are to obtain reasonable assurance about whether the Project Financial Statements are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Standards of Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standard of Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- dentify and assess the risks of material misstatement of the Project Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

15-28-EN

The Project funds were utilized for the purposes for which they were provided.

Expenditures, including assets created under the Project, shown in the PFS are eligible for financing under the Project Financing Agreements.

Procurement has been carried out in line with the agreed procedures and the Project has an adequate internal financial control system and such controls were operating effectively as on January 31, 2022 and the Project complies with the provisions of the Financing Agreement and Project Agreement in all material aspects.
