### **Declaration**

The Institute is located on a 231.46 acres site in the city. On breakdown of COVID pandemic during March 2020, the Institute was immediately taken over by the Government of Tamil Nadu as COVID centre in Salem district and implemented bed and hospital facilities for the patients at college premises for isolation.

As the Institute was shut down during the pandemic with immediate effect of announcement of Government of Tamil Nadu and as per the directions from Government of Tamil Nadu. Also, the institute was unable to access student data available inside the premises and conduct examinations.

The end semester examination were not conducted for II semester to VI semester in academic year 2019 -2020. However, the end semester examination had been conducted through online mode only for 8<sup>th</sup> semester (UG) students and result was declared within 17 days. Hence, for this academic year 2019 – 2020 the number of days between end of 8<sup>th</sup> semester examination and announcement of results is only considered.

Moreover, Due to covid suppression, the institute has taken steps to conduct examinations for the even semester of academic year 2020 -2021. But due to again breakdown of second wave in March 2021, the Institute has conducted examinations and published results for outgoing students (8<sup>th</sup> semester of UG) primarily. However, the conduct of end semester of II, IV, VI of UG and announcement of results got delayed.

Hence, the average number of days between end of 8<sup>th</sup> semester of UG examination and announcement of results are considered for academic year 2020-2021.

The table shows the number of days between end of even semester examination and announcement of results during last five years (from 2018-2019 to 2022-2023) are given below.

<b>Year</b>	<b>2018- 2019</b>	<b>2019- 2020</b>	<b>2020- 2021</b>	<b>2021- 2022</b>	<b>2022- 2023</b>
Average number of days between end of even semester examination and announcement of results	18	17	<b>33</b>	38	44

**Date: 13.02.2024**

**Formula :**

$$\begin{aligned} &= \frac{\text{Total Number of days}}{\text{Number of years in the assessment period}} \\ &= \frac{18+17+33+38+44}{5} \\ &= \frac{150}{5} \\ &= 30 \end{aligned}$$

<b>Average number of days from the date of last semester-end/ year-end examination till the last date of declaration of results during the last five years (from 2018-2019 to 2022- 2023)</b>	<b>30</b>
