2. Gaja cyclone relief Campaign

As the main motto of our club is to serve people, we the Leos of Government college of Engineering , Salem help those people in need during the GAJA cyclone relief around Karuppur.

Our Principal mam Dr. G. Vimala Rosaline decided to help people of affected places and called our Leo club students to collect funds and things from staff and our students. Our club students started collecting money as well as things from November 22, 2018. Most of the students participated willingly in donating things. Lots of goods and amounts were received from them. Both the technical and non-technical staff also donated relief materials.

A total amount of about Rs.13,000 were collected and lots of goods like food items, bedsheets, mats, towel , muffler, daily things and groceries like rice , milk powder , etc...were brought using that amount . Things like dresses and candles were received from the students directly.

One of our college students is from the remote area of Mannarkudi in Thiruvarur district, those places are one of the most affected places during Gaja cyclone and didn't receive any kind of helps at those time. We decided to distribute the collected things in that place. Our Leo club students directly carry all those things to Mannarkudi and distribute those at that place.

6.Green Patriotism: Tree plantation by NCC on Independence Day

The tree plantation was a symbolic gesture, signifying the responsibility of citizens towards the environment and the nation's future. It echoed the message of nurturing growth and sustainability, paralleling the ideals of a progressive and prosperous India. The Independence Day celebration organized by the NCC Airwing of Government College of Engineering Salem - 11 was not only a commemoration of the nation's freedom but also a reflection of the dedication and unity among the youth towards nation-building.

The amalgamation of patriotic fervor, disciplined performances by the NCC cadets, and the poignant tree plantation event encapsulated the essence of the occasion, fostering a sense of pride, responsibility, and commitment among the attendees towards the nation's growth and environmental stewardship. Neem tree, banyan tree, Teek Plants are planted at Saminayakanpatti, Salem.

6. Anti - tobacco day awareness program

The NCC Airwing of Government College of Engineering Salem orchestrated a compelling campaign to observe Anti-Tobacco Day, involving the participation of 12 dedicated cadets. This initiative was designed to shed light on the detrimental effects of tobacco use and advocate for a tobacco-free lifestyle. The program encompassed various activities aimed at raising awareness and educating both the college community and the public about the perils of tobacco consumption. The cadets organized seminars, interactive sessions, and awareness drives within and outside the college premises, disseminating information about the health hazards associated with tobacco use.

Moreover, they creatively employed posters, banners, and informative pamphlets to amplify their message, emphasizing the importance of quitting tobacco and preventing its initiation among youth.

The cadets' efforts extended beyond the event, as they committed to ongoing advocacy, encouraging peers to adopt healthier choices and providing support for those aiming to quit tobacco addiction. Their commitment and dedication exemplified a strong stance against the widespread use of tobacco products.

Through this initiative, the NCC Airwing of Government College of Engineering Salem not only commemorated Anti-Tobacco Day but also ignited a sustained conversation and collective action toward building a healthier, tobacco-free community, showcasing the potential of youth-driven initiatives in combating societal health challenges.

7. Awareness on Health and Education drive to school students

On June 14, 2022, NSS Units 1, 2, 3, and 4 of Government College of Engineering (GCE), Salem, under the guidance of Prof. K. Sakunthala, AP/Mechanical, organized a comprehensive awareness program on health and education in Venkayanoor village, Salem. The event was strategically designed to address the critical intersections of health and education for school students, emphasizing their holistic development.

The program featured informative sessions on maintaining good health through hygiene practices, balanced nutrition, and regular exercise. Simultaneously, the significance of education in shaping a promising future was underscored, with discussions on the importance of school attendance and academic pursuits.

Interactive workshops engaged students in practical demonstrations, fostering a hands-on understanding of health and educational concepts. The NSS units, along with Prof. K. Sakunthala, orchestrated a collaborative effort to instill a sense of responsibility towards one's well-being and academic growth, marking a proactive stride towards community development in Venkayanoor village, Salem.
